LOCAL BRIEFS.

—Penitentiary Sunday School 1:15 this afternoon. Members of the Legislature invited to attend.

—The bill prohibiting the running of Sunday trains passed the Senate yesterday. See the proceedings.

—A letter is held at the post office addressed to E. B. Anderson, Apex, N. C., but minus the necessary stamp.

—The National Hotel of this city has changed hands, Mr. S. R. Street a well known hotelist of Newberne, having purchased the property.

—Mr. J. A. Bragassa has an attractive advertisement in this morning's issue. He keeps a large and well selected stock of confections, croquet sets, toys, etc. He will be found pleasant to deal with.

—The court room for the U. S. Court, in the government building, is almost furnished. It is probably the best fitted room in the State, and makes the others look poor in style and furniture. The chairs, of which there are 80, are of the opera pattern, secured to the floor. All the fittings are of massive, polished walnut. The beautiful room has many admiring visitors.

PERSONAL.—Col. R. R. Bridgers, of the W & W R R., is at the Yarboro.

THE BORDER REIVEW.—The first number of the Border Review, the new paper published at Henderson by Messrs. Amis, Collins & Harper, has appeared. It bears the palm for neatness of press work and general excellence of get up, and its quality in this regard is equaled by the merit of its contents. Success to the new comer.

BURNED.—A colored girl, living near the new Fair Grounds was burned to death Friday afternoon. Her clothing caught fire and she ran out of the house into the yard. Her parents were so frightened that they saw her on flames without trying to save her. A young man jumped over the fence of the yard and threw a bucket of water on her, which extinguished the blaze. But it was too late, her injuries were fatal, and she died in a few hours.

MILITARY GOSSIP.—Gov. Jarvis yesterday appointed Dr. Oliver P. Robinson, Assistant Surgeon General of the State, with the rank of Lieutenant Colonel. This follows the resignation of Dr. Robah F. Gray, of Winston, who was appointed to the position by Gov. Vance, in October last, but who has now left this State and settled in Virginia.

THE MAYOR'S COURT.—A trio of the ungodly were up yesterday, at this dispensary of justice. Two were charged with drunkeness, and remanded to the guard house. The only case of importance was that of Bill Hicks, a negro man, for entering the house of a darkey damsel named Mary High, and taking therefrom a lot of wearing apparel which she had in wash. Bill was required to give bond in the sum of $50 for appearance at next term of court.

DIME PARTY.—On Tuesday evening the ladies of the Second Presbyterian church give a Dime Party in aid of the building fund of that church. It is to be held at the residence of Mr. L. E. Heartt, at the corner of Harrington and Hargett streets. The affair will be delightful and it is hoped the ladies will have many visitors during the evening. There will be an admission fee of 10 cents, and that sum will, be as usual, charged for a good sample of each of the numerous delicacies to be provided.

CONVICTS DISCHARGED.—There were yesterday discharged from the Penitentiary Robert Owens, white, convicted in Davie county, of larceny, and sentenced to penitentiary, April 1878. He is about 24 years old, 5 feet 10½ inches high and weighed when admitted 128 pound.

Bosh Hairston, colored, convicted in Davie county of larceny, and sentenced to penitentiary April 1878. He is about 48 years old, 5 feet 3 inches high, and weighed when admitted 208 pounds.

SUPREME COURT.—Court met at 10 o'clock on yesterday. All the Justices present.

L A Paschal vs L H Bullock; argument begun on Friday, resumed and concluded.

State and B. P. Clifton vs James C. Wynne, et al, (2 cases) from Granvillee, argued by C. M. Cooke and A. W. Tourgee for the plaintiff and A. M. Lewis and Reade, Busbee & Busbee for the defendant.

Pending the argument in this case the Court adjourned, until to-morrow morning at 10 o'clock.

FUNERAL OF DR. WINGATE.—The funeral services of the late Rev. W. M. Wingate, D. D., President of Wake Forest College, were held in the Chapel of that institution yesterday. In the morning a number of persons went down from this city. Assembled at the college was a throng of people from the country round about. The funeral sermon was by Rev. W. B Royall, D. D. of the College. Rev. Dr. Pritchard, of this city, and Rev. Dr. Ivy, of Goldsboro, made remarks upon the character of the deceased. The remains were interred in the cemetery of the college.

OFF FOR THE SEA SHORE.—About 30 members left yesterday for a trip to Newberne and Beaufort. Last night they were in Newberne, and this morning they take a run down to salt water. The first view of the ocean will doubtless be a pleasant surprise to the Western members, who, accustomed all their lives to mountain grandeur, know little of the quiet majesty of the sea. The excursion was given by courtesy of the officials of the N. C. R. R. and A. & N. C. R. R. The excursionists will return to-morrow and resume their duties. The session of the House to-morrow will be from 1 to 5 p. m.

PULPIT PERSONALS.—For the convenience of those who may desire to attend religious services today, the following church directory is published. These churches all offer to those who wish to hear the word comfortable seats, polite ushers, and every attention that can be shown. The perfect beauty of the weather gives those who seek excuses for absence none today, so it is hoped that full seats and attentive audiences will be the rule at all the churches.

The following pastors will to-day discourse:

At the Edenton St. Methodist church, Rev N. M. Jurney at 11 a. m. and W. S. Black, pastor, at 7:30 p. m.

At the Person Street Methodist church Rev. W C Norman, at 11 a m. and Rev. N. M. Jurney at 7:30 p. m.

At the First Presbyterian Church, Rev. J. S. Watkins, pastor, at 11 a. m. and 7:30 p m.

At the Second Presbyterian church, services in chapel of the Deaf Dumb & Blind Asylum, at 11 a. m. by Rev. J. M. Atkinson, D. D.

At the Swain Street Baptist Church, by the pastor, Rev. W. R. Gwaltney, at 11 a. m. and 7:30 p. m.

At the Salisbury Street Baptist Church, at 11 a. m. and 7:30 p. m., by the pastor, Rev. Thos. H. Pritchard, D. D.

At Christ Church, Episcopal, morning service at 11 a. m., evening service at 5 p. m., by the Rector, Rev. Matt M. Marshall, D. D.

At the Church of the Good Shepherd, Episcopal, Hillsboro avenue, morning service at 11 a. m., evening service at 7:30 p. m., by Rev. Edward R. Rich, Rector.

At St. John's Church, Roman Catholic, services in Briggs building, Fayetteville street; Low Mass at 7 a. m., High Mass at 11 a. m., Vespers and Benediction at 4 p. m., by Father Jas B. White.

A JOLLY NIGHT WITH THE PATHFINDERS.—The most delightful fooling we have ever witnessed is that of the Pathfinders a la troubadours at the Theatre. It is a potpourri of good things, with not one bad one from beginning to end. Five persons get left by the boat Pathfinder at a certain picnicing ground, where they find the wardrobe of a theatrical and gymnastic company, and taking possession of these proceed to give a series of entertainments, dramatic, operatic, gymnastic and otherwise, that are as superior for their excellence as they are novel in style and singular in situation. The three ladies of the party Miss Mattie Vickers, Miss Mary Jasper, and Miss Eugenie Lavalle, are all excellent vocalists, and the first two splendid actresses, giving as they did numerous immitations of the most distinguished ladies now on the stage in the drama, opera and bouffe. Mr Charles Rogers gave numerous imitations of the distinguished actors of the day, showing the most remarkable protean and versatile powers. His take offs of Joe Jefferson in Old Rip, Edwin Adams in Enoch Arden, and J. W. Wallach in Fagin the Jew, were very natural and also very powerful. In these he was well assisted by Mrs. Vickers. Mr. Berkely also exhibited good histronic and vocal powers. Mr. Rentgrow's burnt-cork eccentricities as the servant of the party could scarcely be excelled by the end men of the "best minstrel company in the country." But the tumbling and gymnastic exercises of the Jasper brother and Rentgrow took everybody by surprise. Their feats were the most daring and difficult we have ever witnessed, and the house became enthused to the highest pitch of excitement during their progress.

NORTHERN SETTLERS CONVENTION.—The State Convention of Northern settlers, called under a Resolution of the Charlotte Convention of January 15th inst., met yesterday at Metropolitan Hall, at 3 p. m. Mr. N. Dumont, of Charlotte, was elected president, and E. Conklin, Esq., of Raleigh, Secretary.

Buncombe County sent a valuable paper setting forth its advantages, which was adopted.

Messrs. T. A. Kingsley and N. Plumadore of Raleigh, and John Hinman, of Warren county, were appointed a committee on business. After conference the following resolutions were submitted:

Whereas we believe in the wisdom of the spirit and principles enunciated by the findings of the Charlotte convention held Jan 15 1879, and this body desiring to follow its inspirations therefore.

RESOLVED 1st. That this convention adopt as an entirety the resolutions and findings of the convention of Northern born residents of the south held at Charlotte, N. C., Jan'y 15, 1879, with this addition, viz. That so far as North Carolina is concerned, we would suggest to all persons who come to this State looking for lands and homes to critically enquire as to the texture, quality and productive powers of soils and the healthfulness of the particular location their fancy leads them toward. We suggest this because in some localities lands are poor and heretofore impositions have been practiced.

2nd. That the Railway lines running into our State be respectfully requested to consider the means employed by the Railways leading to the Great West and apply to our state the same method to induce a healthful Immigration of people and property to our State and to this end we appoint a committee of six to correspond with the proper uthorities with a view to carrying out the spirit and purpose of this movement tward Immigration.

3rd. We congratulate the people of the State that the state debt, through its legislature now in session, has been satisfactorily and amicably arranged. We feel that this new order of things will bring about a new era of state prosperity that will work to the interests of the State and all concerned.

4th. We thank the press of the State for their many tokens of kindness and the earnestness with which they have favored us with their many marks of appreciation.

5th. We also thank the managers of our rail roads for issuing to us half fare tickets and trust that they will continue to appreciate our efforts to influence immigration to our adopted state also.

6th. This convention respectfully suggest that the native North Carolinians hold a convention at such time and place as they may deem best to take into consideration this subject of immigration.

The resolutions were adopted without dissent.

The committee provided for in the 2d resolution was appointed.

Upon motion the following gentlement were appointed to the General Convention to be held Charlotte, July 4, 1879, viz:

James H. Chadbone, Wilmington, delegate. Mr. Bull, of Craven county, alternate.

V. K Speer, Asheville, delegate. H G Whiting, Mooresville, alternate.

FISH CULTURE IN THIS STATE.—The report of Mr. S. G. Worth, who has in his able charge the fish hatcheries of this State, has appeared. It goes over the whole ground in this very important industry, whose developement is regarded with so much hope. As a matter of both local and general interest it is proper to reproduce portions of the report, whose plain facts and succinct statements cover the whole ground. Referring to the culture of fish Mr. Worth truly says that in this State the art is so new that few have had an opportunity to look into it sufficiently to know its requirements or pass judgment upon past operations. The work of propagation of the fish was therefore left entirely in his hands. Referring to his operations he says:

During the past twelve months, ending the 1st of April, 1879, we have released in the North Carolina waters over three and one-half millions of young shad, three hundred thousand California Salmon, fifteen thousand five hundred Land-locked Salmon from Maine, and fifty thousand Mountain or Brook Trout. All of this was done at an expense of less than three thousand dollars, and among the expenditures was a sum of not less than five hundred dollars in permanent structures and hatching and distributing apparatus, tools &c, now on hand, including all salaries. This sum when compared with results will bear favorable comparison with similar work done any where on the globe. To convey an idea of the immense returns in fish culture, I will make a statement which may surprise you. California Salmon attain an average weight of 20 pounds, and sell readily at twenty-five cents a pound. If we suppose that ninety-nine per cent. of the three hundred thousand hatched this season are never heard from and that the one per cent. which do return attain the average weight of other waters and bring a price of five cents a pound, the Salmon of the past season alone will more than pay the expense of the whole season, including the Shad, Land-locked Salmon and Trout. The immense losses in the eggs and fry of fish seems to have been a great foresight of nature in giving to them the greatest *ova* bearing powers of any of the vertebrate animals. On examination of the nests of the California Salmon it is found that only eight per cent of the eggs are impregnated. By the artificial method of impregnation we secure ninety to ninety-five per cent!

Continuing, he says few realize the value of fish, but a moment's reflection will show that they cost nothing, and that by replacing them in the waters by aiding their imperfect efforts we restore to our land at a nominal cost its millions of wealth that our streams annually bear away to the ocean. Who knows the value of the constituents of our gliding rivers, and by what means can we reclaim them? By the judicious expenditure of a few thousand dollars annually we can attain this result. If our people look this year for any return from what has been done, they must remember that the patient farmer sows his seed and waits till they have had time to develope and mature. No shad return in one year, and indeed no roe shad ever returned to fresh water till the third year.

Twenty-seven States are now actively engaged in restocking their waters, and I am glad to say that with limited means we have made a very decided beginning in North Carolina in two short years. With the finest shad fishing grounds in the world, and many secluded mountain streams yet full of trout we are fully capable of supplying every county in the State with as many fish as the people can consume. In view of the fact that the shad caught in our waters sell in northern markets before the run of fish has extended into their streams, and since our sales there bring double the price of theirs by supplying the early demand, it is very plain to be seen that in restocking our sounds and rivers to ten times their present capacity, we can supply every demand at home and bring into our State thousands of dollars from abroad.

Commencement of Bellevue Medical College.

Correspondence of Raleigh Observer.

P. S. EVENING.—I have just returned from the Acamy of Music, attending the 18th Annual Commencement of the Bellevue Medical College, to, which I was favored with an invitation. Though promptly at the Academy, it was impossible to find a vacant seat, There were thousands filling the seats, leaving hundreds to stand, aside through the whole interesting ceremonies. There were 165 graduates, Including Camillus L Battie, Elisha Battle, Elisha Battle, Hubert Haywood, Henry W. Lilly and Thomas R Robert, son, of North Carolina.

Of these, Hubert Haywood, son of Dr. E. Burke Haywood, of Raleigh, had the honor to be Valedictorian, and of course delivered the closing address, and an admirable address it was, frequently eliciting the applause of the audience, and especially of his classmates. I think that no more prolonged clapping of hands responded to the calling of any name than his when called up in succession to receive their diplomas; and this was striking, since upwards of fifty of the class were New Yorkers, surrounded by their friends. Of course, in the immense audience. I was amused to notice that in the crowd near me there came forward a warm clapping of hands from one person at the call of every Southern name. That was a true man, and I would have liked see him and grasp the hands that welcomed his countrymen, but the crowd obstructed the view. Quite a number of beautiful bouquets were brought in to different members of the class, and by them in many instances handed over to their lady friends—sweethearts probably in the gay audience.

The address to the graduates was by Richard O'Gorman, Esq, whose Irish origin was quite manifest in his pronunciation of "the worruld," and such like words. It was a fair speech but vastly interior to that of Dr. Crasby at the other College last week. And Mr. O'Gorman, with all his reputation as an educator, is not an elegant scholar, nor yet an eloquent orator.

The whole affair was a very pleasant one, and I could not but echo the hopes that these young disciples of one of the most useful Professions may all do honor to it and to themselves. H.

OUR LAW MAKERS.

SENATE.

SATURDAY, Mar. 1, 1879.

The Senate was called to order at 10 a m., President Robinson in the chair.

SUNDAY TRAINS.

House bill to prevent the desecration of the Sabbath day, being the special order for 12 m., was considered.

Mr. Caldwell favored the bill. It would put a stop to an intolerable nuisance in the form of Sunday excursion trips and would be a great relief to all engaged in the railroad service. He hoped the Senate would follow the example of the House in showing a proper respect for the Sabbath.

Mr. Everett moved to amend by excluding trains of what was know as through freights. Lost.

The bill then passed its last reading under a call for the ayes and noes, and the vote stood—ayes 36 noes 3.

The bill read as follows: "An act to prevent the desecration on the Sabbath day."

Sec. 1. That no railroad company shall permit the loading or unloading of any freight car on the Sabbath day (known as Sunday) withing the limits of this State.

Sec. 2. That no railroad company shall permit any car, train of cars, or locomotive, to be run on the Sunday on any road within the limits of the State, except such as may be absolutely necessary for the tonsportation of the U. S. mails, and except in cases of urgent necessity other than for the purpose of business and pleasure: Provided, That the word Sunday as used in this act shall be construed to embrace only that part of the day between sunrise and sunset.

Sec. 3. That any railroad company offending against either of the above sections shall be liable to indictment for a misdemeanor in each county in or through which such car, train of cars, or locomotive, shall pass, or on which such freight car shall be loaded or unloaded, and upon conviction thereof shall be fined not less than five hundred dollars for each offence.

Sec. 5. That the fine so imposed shall, when collected, be paid into the public treasury of the State for the use of the public schools of the State.

INVESTIGATION—BRIBERY AND THREATS.

President Robinson, (Mr. Scales in the chair) offered the following resolution, and asked for its consideration under a suspension of the rules:

Whereas, It is currently reported that threats and promises were made, and improper and undue influences were used by certain parties interested in the question of the Public Printing during the early part of the session of the General Assembly, with a view to control the votes of Senators and Representatives for or against the interests of the said parties interested in determining the question of the Public Printing; therefore,

Resolved by the Senate that a committee of three Senators be appointed by the chair to inquire into and investigate this matter, and report to this body the result of their investigation, and that said committee shall have power to send for persons and papers and to administer oaths.

The resolution was adopted, and the presiding officer (Mr. Scales) appointed Messrs. Dortch, Snow and Eaves as the committee.

The Senate then adjournad till 10 a. m., Monday.

Were introduced by Messrs. Lewis, Orchard, Harrell, Bost, Cary and Richardson of Wake.

PERSONAL PRIVILEGE.

Mr. Richardson of Columbus rose to a question of personal privilege in regard to an article in the New York Times, which he pronounced a falsehood and a slander.

Mr. Vaughan also rose to a question of personal privilege on the same subject, his name having appeared in the same article, and declared the statements to be entirely false.

The calendar was placed at the disposal of the Speaker for the remainder of the session.

Bill to amend the charter of the Oxford & Henderson, R. R. passed its final reading.

Bill to incorporate the Smithfield and Cape Fear R. R., passed its third reading.

Bill to amend the charter of the Border R. R., passed.

Bill to authorize the county of Currituck to exchange its bonds for stock in the Albemarle & Chesapeake Canal Company, passed.

Bill to provide for the collecting of judgements in favor of counties, against defaulting officers, passed.

Bill to allow compensation of claims of school teachers in several counties, passed.

Bill for the better security of counties in costs for criminal actions. Mr. Carter said the bill would save the counties much costs, now charged, often wrongly. The bill then passed its readings.

Bill to ascertain the indebtedness of Madison county, passed its readings.

Resolution authorizing the Governor to re-purchase the Cape Fear Navigation Company from the present owners, was discussed by Messrs. Turner, Taylor and Lutterloh. The resolution was tabled.

Mr. Davis of Haywood rose to a question of personal privilege in regard to an article in the New York Times, as to Mr G. S. Furgerson, late Senator from Haywood.

Bill to amend and revise the charter of the town of Winston, passed its second reading.

Bill to allow the bank of Greenboro further time to wind up its business affairs, passed.

Bill to amend the charter of Chapel Hill, so as to allow election of a mayor, passed its final reading.

Bill to incorporate the Globe Gold Company, passed.

Bill concerning mortgages issued by incorporated companies passed.

Bill to incorporate the Bennettsville & Hamlet R R. Company, passed.

Bill declaratory of an act incorporating the town of Reidsville, passed.

Bill to authorize the Board of Education of Johnson county to pay orders issued by the township school committees prior to 1877, passed.

Bill to authorize the Board of Commissioners of Onslow, to issue bonds, etc, prased its second reading.

At 2 p. m. the House adjourned until Monday.

A Tax-payer's Letter to Charlotte Democrat.

The following extract is made from this valuable letter.

It is proposed by some to show that the expenses of the State Government have been decreased, by comparing the expenses of 1869 with the expenses of 1878. This is certainly going a long ways for a little comfort, just nine years back to find any improvement.

This is what I said: "That the Democratic platform two years since was retrenchment and reform; that on that platform the Democratic party went into power. That the Democratic officeholders pocketed the same salaries pocketed by the Radical office-holders. That the expenses in nearly all the branches of the State Government had been increased instead of decreased. That the people paid the same taxes under Democratic rule as under Radical rule." Is it meeting this statement fairly to array figures of extravagance nine years since? The Democratic Platform two years since was 'Retrenchment and Reform.' If the platform meant anything it meant to retrench and reform extravagance then existing, not what existed nine years ago. It surely did not mean to retrench what had already been retrenched, and to reform the reformed.

"It is admitted that the charges preferred against the Democratic administration (not against the party, please don't confound the terms) are striking and are well calculated to arouse the people. They were not idly made neither were they made until after examination. These charges are of such a serious nature it is admitted that unless they are proven by the figures presented below that the writer has imposed upon you, deceived the public and slandered the great Democratic party. If though, the facts are by the figures proven to be true, the writer in bringing them to light, and you in publishing them, have but acted the part of a faithful sentinel upon the watchtower, pointing out, whilst the Democratic ship is still manned by Democrats, the rocks and shoals upon which the ship was about to be wrecked and with it the last hope of the people for good government.

"The issues are joined—the people are the jurors—the Auditor's report the witnesses:

"Verdict of the people: Guilty as charged in the bill of indictment; that since the Democartic party went into power in 1876, under the banner of "Retrenchment and Reform," there has been neither Retrenchment nor Reform, that the Democratic office-holders have pocketed the same salaries pocketed by the Radical office-holders; that the expenses in nearly all the branches of the State Government have been increased instead of decreased, that the people pay the same taxes under Democratic rule that they paid in 1876 under Radical rule.

In the table of figures taken from the Auditor's Reports I have adopted the plan of taking only the ordinary expenses of the Government so as to avoid all complications by reason of appropriations for extraordinary purposes. I have also left out the expenses of the charitable and penal institutions, the expenses of which might vary in proportion to the number of inmates. In other words I have eliminated everything except the ordinary expenses which are incident to, and necessary for both Administrations I have separated the expenses of each department so that he that "runs may read" and understand. In order that full justice may be done to the Democratic Administration I have given two years of it, giving it full time for retrenchment and reform."

JOHN B. HUSSEY, - Editor.

Question of Personal Privilege.

Below we publish Mr. Robinsons reply to the charges made in an article in the N. Y. Times, in the Senate Friday night. As to the point at issue Mr. Robinson's defence must speak for itself.

If his reference in the latter part of his remarks is intended for this paper, it is emphatically denied.

Since the first of May last, the NEWS has been under no control other than one or both of the present proprietors, whose names appear at the head of this column. Nor was any one authorized or empowered to make any threat or statement as to what this paper would or would not do. No such threat or statement has been made by either of the proprietors or with their knowledge or consent. The course of this paper is dictated by a conscientious regard for the interest of the democratic party and the public.

PERSONAL PRIVILEGE.

Mr. Robinson said he rose to ask the attention of the Senate for a few minutes to a matter personal to himself. His attention had been directed to-day to an article in the New York Times of yesterday from the Raleigh correspondent of that journal, which makes grave and serious charges against himself and others. He sent the Times to the Clerk, and asked that he read the article, as follows:

[From the New York Times, 27th.]

TEN MODEL LEGISLATORS.

Drawing Pay and Mileage Both as Legislators and Deputy Sheriffs--A Story From North Carolina.

RALEIGH, N. C., Feb. 26.—It has just been discovered by a portion of the public that ten persons, who were members of the Legislature, elected in 1876, were guilty of drawing money twice from the State Treasury when they were entitled to draw only once. The way in which the State was robbed was as follows: James L. Robinson, who was then a Senator; G. S. Furgerson, who was also a Senator; E. L. Vaughan, R. McBrayer, Edward Ransom, Van V. Richardson, W. R. Terry, A. C. Sharpe, W. G. Morris and H. E. Baxter, all Democrats, except Terry, who were members of the House of Representatives in 1876, were appointed Deputies by the Sheriffs of their respective counties. The Legislature met on the third Monday of November, 1876. When these ten members came to Raleigh to attend the session of the Legislature they brought the election returns of their respective counties, and delivered them to the Secretary of State, as Deputy Sheriffs. For this service each of the ten drew mileage at the rate of 10 cents a mile, and $3 a day while serving the State as Deputy Sheriffs.

It now appears, according to the printed report of the State Auditor for the fiscal year ending Sept. 30, 1877, that the ten persons named also drew mileage as members of the Legislature for the number of miles and at the same rate for which they had previously been paid by the State as deputy sheriffs. The amount thus wrongfully obtained, and for which there is no authority in law, is $634 60. A committee of three Democrats and one Republican examined the vouchers in the Treasurer's office, and detected this illegal use of the public money. The name of Jas. L. Robinson was referred to in the committee's report as first drawn, but through Robinson's influence his name was stricken out. In November, 1876, Robinson was elected President of the Senate. He is now Lieutenant Governor, and presides over the Senate. E. L. Vaughan is Speaker, temporarily, of the House. Van V. Richardson was a prominent candidate for Speaker of the House, and is now Chairman of the Finance Committee. The other persons mentioned are not members of the present Legislature, but are no doubt at home acting as Deputy Sheriffs."

Mr. Robinson said he thought in his few years of experience in public matters he had learned that men connected with public affairs may expect their share of criticism, and he felt that he had no morbid sensitiveness upon this subject. But when charges of the character contained in the Times correspondence were made, affecting vitally not only his own reputation but the constituency which he had the honor to represent, it required that he should reply in language unmistakable. He deemed it not out of place or inappropriate to refer to this Raleigh correspondent of the N. Y. Times. He believed it was an open secret as to who that correspondent is, being a no less personage than a former Solicitor of this Judicial District, who had resigned his office to escape the consequences of impeachment for mal-practice in office of a serious character.

As to the charges contained in this correspondence, he desired to state distinctly that for many years past he had acted for the Sheriff of his county in making settlement with the State Treasurer of the State taxes due, bringing the money through the mountain country on his person; and also in some instances making election returns, all at the request of the sheriff. That the charge or intimation contained in the Times article, that he had collected and appropriated to his own use, or taken money unlawfully from the State Treasury, as charged, was false and atrocious, and was the emanation of a base and cowardly spirit that could only lurk in the heart of a being capable of playing the part of an assassin.

Whether or not there was another influence behind this correspondent he was not yet prepared to substantiate, but certain it was that his best friends in this city had known for weeks past that he was expecting an attack of this character, but was a little surprised at the direction from which it had come. Feeling sure that this or a similar assault upon him was impending he had written to the sheriff of his county for a statement of the facts and circumstances of his transactions with and for him in the matter of public settlements, and sent forward and requested read from the clerk's desk the following paper:—

FRANKLIN, MACON CO., N. C.,
February 15, 1879.

To Whom it may Concern :

This will certify that Capt. J. L. Robinson for many years past made my settlement of taxes, and carried the money from here for that purpose; also in some cases, making election returns at my request. That he has, in every instance, collected what was due me for such services, and accounted for every dollar to me.

JAMES CANLER.
Sheriff of Macon Co., N. C.

He supposed that this was a sufficient refutation of the base insinuation or slander that he had appropriated these moneys to his own use.

As to the additional charge that his (Robinson's) name was specifically mentioned in the report of the voucher committee, but had been stricken out by reason of his influence, he desired to pronounce it as unqualifiedly false in every particular. His name was not mentioned by the committee in their report, nor had he ever made any request to any member of said committee to change their report in any particular. In support of this assertion, he desired the Clerk to read a statement signed by Hon. John M. Moring, now Speaker of the House of Representatives, and Col. L. R. Waddell, Senator from Johnston, two of the committee on the examination of vouchers in the Treasury Department, whom he had been able to see, which was read as follows:

HOUSE OF REPRESENTATIVES,
RALEIGH, Feb. 28, 1879.

Hon. J. L. Robinson, Senate Chamber:

My attention has been directed to a stament contained in the Raleigh correspondence of the New York Times of the 27th instant. It is there alleged that "a committee of three Democrats and one Republican examined the vouchers of the Treasurer's office, and detected this illegal use of public money. The name of James L. Robinson was referred to in the committee's report as first drawn, but through Robinson's influence was stricken out."

I was a member of the committee to which reference was made in the above extract; and I say to you that your name was not mentioned in the committee's report as stated, nor was any request made or influence used by you to strike out a portion of the committee's report as therein stated.

JNO. M. MORNING.

As a member of the above specified committee I certify that the above statement of J M. Moring is correct.

L R. WADDELL.

I fully concur in the foregoing statements as being true.

T. R. PURNELL.

He desired, in conclusion, to say that he believed that there were other influences connected with this attack upon himself than appear upon the surface. He desired to give notice now that on to-morrow morning he would move a resolution to raise a committee to inquire into and ascertain if threats or influences had been made or brought to bear upon members of this General Assembly to influence their action and their votes upon a certain matter of public importance. He desired to add here the statement that on the assembling of the caucus to determine the matter of State Printer, he had received a message through a gentleman from a party largely interested and supposed to control one of the largest daily papers at the Capital, that if he and his co-representatives from the western end of the State saw proper in discharging the duties which they owed to a free constituency, to vote against that paper for State Printer, that they might look out, for in such event that paper had its batteries in position and would open against a measure of internal improvement which more vitally concerned these people than any other interest of Western North Carolina which could come before this Legislature.

His suspicion now was that this attack upon himself a Western man, was but the execution of the programme thus announced early in the session, and to be crushed on account of his having for some years been actively engaged in furthering and prominent in advocating the local measures and improvements dearest to the hearts of the people of his section, he desired that he and his people might know it, that the line may be distinctly drawn, the issues made up; that the war being begun, he proposed to carry it into Africa.

Mr. Robinson's Resolution,

Mr. Robinson on yesterday introduced a resolution to appoint a committee to investigate whether any threats had been made in regard to the Public Printing. It is understood that this charge is aimed at the NEWS. It is also very plain that it is an effort to bolster up the appropriation to the Western N. C. R. R. which is in danger.

The NEWS can tell Mr. Robinson that his attempt to intimidate this paper is in vain. The figures and facts given to the public heretofore prove beyond doubt that the appropriation in its amounts and circumstances can not command the support of the people. Silence was its friend and the NEWS has not been silent.

The real issue is, shall North Carolina continue to pour nearly $200,000 per annum into the lap of a railroad corporation. The real object of the resolution is to break the force of a plain statement of facts given in this paper in regard to the matter. If this was not the sole object why has the virtuous Mr. Robinson waited on his own showing over six weeks without offering any resolution of inquiry? Would he have introduced a resolution at all if the facts and figures of the NEWS had produced no effect?

That 18 per cent. Interest.

THE NEWS stated on what it deemed good authority that a large part of the $50,000 which the State had been ordered (by a minority vote in each House) to pay for the debt of a railroad had been accumulated by charging 1 to 1½ per cent. interest per month for a part at least, if not all, of 8 years. A considerable part of the sum was for lawyers fees. The judgment alluded to is said to have been only $17,000 originally and many payments have been made on it too.

To these statements the NEWS asked some friend of the appropriation, to reply, if not entirely correct.

No reply has been made and the NEWS again extends the invitation.

THERE is nothing like stick-to-itiveness, especially in a case of "mudcut."

But then, we want to know, before taxing ourselves another half million, something about the remainder of the Western N. C. R. R.? Is the whole thing concentred in the fatal and eternal Blue Ridge tunnels and cuts? It seems the committee stuck there, and Jones. But what of the 50 odd miles down the French Broad, and the $10,000,000 said to be required to build the Ducktown branch.

WOULD it not save time to set apart one night each week for members to "personal privilege" this paper.

A Letter From a Representative.

The following is an extract from a letter written by a prominent member of the House to the Southern Home.

"Retrenchment and reform seems to be rather waning since the $50,000 appropriation to the Fayetteville and Yadkin Valley Railroad, and the West asks that the appropriations to the W. N. C. R. R, be continued. Great consistency, don't you think, to cut down the salaries and fees of our hard working State officers, Judges, etc., reduce all of our State charitable institutions, and then appropriate over $300,000 annually in railroads. There is quite a sensation on these subjects here. The Republicans are stirred up on the election of Magistrates, which comes up to-day. Yours etc.,

W. E. A.

Rights.

The friends of the bonus to the Western N. C. R. R. evidently think:

That the East has no rights,

That the Centre has no rights.

That the Piedmont country has no rights.

That the tax payers have no rights.

It would seem that in the estimation of some to pay taxes for the "mudcut" and to reverence it comprises the whole sum of the rights and duties of the average man.

THE Arkansas legislature has proceeded to do by wholesale what has been done by retail in Tennessee and Alabama. On the 20th a bill was passed to dispossess all counties of powers, corporate and politic, and of capability of suing and being sued, and repealing all laws regulating proceedings in suits by and against counties. The vote was 23 to 7.

THE "Charlotte Democrat," the "Charlotte Observer," the "Southern Home" and many others of the very best papers in the State agree that the appropriation to the "Mudcut" R. R., is entirely too large for these hard times.

THE murmurs about the annual levy of $300,000 taxation for the "mudcut" railroad and its consort will swell by the election next summer into a roar that will drown the rumblings of its neighboring Bald Mountains.

THE pressure and wire pulling to increase the Salaries allowed in the Senate Bill is increasing. That Bill is already $10,000 higher than was paid in in 1860. But the effort is now to add even to the Senate prices.

NO MATTER how much the taxes may be reduced so long as the present railroad appropriations stand they will still be just $300,000 higher than they ought to be in these hard times.

TO-DAY being Sunday, unfortunately the daily amusement of rising to questions of "personal privilege" must be suspended for 24 hours.

"MUDCUT" is now famous.

To the Point

Charlotte Democrat.

A Washington correspondent makes the following significant statement about Congress, which will apply to some Legislatures:

"There is one remarkable fact about the legislation before Congress. No measure in the interest of the great mass of the people can enter Congress without encountering a fierce struggle with some mammoth ring combination, or some gigantic ring organization to defeat the measure."

Reform Inside the Party.

The following is an extract from a very able communication to our esteemed cotemporary the Charlotte Democrat.

"Not harm but good should and will come to the party by reason of these exposures if they are received in the spirit they should be received. It has been well said "to thine ownself be true and it must follow as the night of the day that thou can'st not be false to any one." So let the Democratic party but be true to itself, and it must follow as the night the day that it cannot be false to its great fountain-head, the people.

Samuel J. Tilden, Charles O'Connor and other leading Democrats but a few years since saved the Democratic party of New York, not by silence, but by boldly stepping forward and reforming the government through and within the Democratic party. Cannot we hope that Gov. Jarvis, with the light of the past before him, with his Cabinet and the Democratic Legislature at his back, will retrench and reform the Government, by, through, and within the Democratic party; so that when we enter in the campaign in 1880 we can fling our banner to the breeze with the words inscribed upon its spotless folds: Democratic promises fulfilled; the honor of the State Redeemed by the settlement of her debt; the burdens of the people lightened, all through, by and within the Democratic party.

TAX-PAYER.

The Agricultural Department.

In the House on the evening of the 26th inst., a bill was introduced to reduce the salary of the Commissioner of Agriculture and the appropriation to seven thousand dollars, when Mr. W. E. Ardrey, of Mecklenburg county submitted the following remarks:

Mr. Speaker, I think this bill is a snap judgment on our Agricultural Department, and the Committee on Retrenchment and Reform in presenting it have entirely ignored the Committee on Agriculture, over which I have the honor to preside as Chairman. And sir, allow me here to say that my Committee is composed of gentlemen as intelligent and patriotic as are on this floor. We have worked faithfully and have given every bill referred to us prompt attention and our calendar is now disposed of, and there could be no excuse for not referring this matter to the proper Committee. Now gentlemen of the House, I take the position that the province and duty of the Committee on Retrenchment and Reform which is only a special Committee is to investigate matters submitted to them and to confer with the regular standing committees on these subjects, but in particular instance they have assumed to ignore the very existence of our Committee.

Sir, I protest against crippling this Department in its infancy, and you well know it is neither new nor rare for some extravagance to be found in all new enterprises, especially of such magnitude as this one, and there may have been some extravagance in this, but I do not believe there has been any intentional mismanagement on the part of any of the officers of the Department and while it may have sustained some losses, yet it has saved hundreds of thousands of dollars to the farmers of the State in the analysis of commercial fertilizers, for some of the brands that were on our market when this department was established, by chemical analysis, were proven to contain fifty-seven per cent. of sand. Now, the farmer that purchased such spurious articles, paid more than one-half of his money for sand. Must he spend his money to test the value of his fertilizers by tedious and extravagant experiments, when he can have them tested by analysis when it does not cost him anything, no nor not a dollar out of the Public Treasury, for we are now buying at the same price per ton that our neighbors in Virginia and South Carolina are now paying. The law is certainly a great protection, both to the farmer and the manufacturer, and here I will inform this House that some of the manufacturers have been before our Committee asking that the tax be continued, for it secured to them an honest competition with honest dealers. When this department came into existence there were over one hundred brands sold in this State and only about forty have stood the test, and now the farmer with perfect safety can invest his money in any of these brands.

Now, gentlemen, I have this cause at heart, for I am a farmer, and regard this act of 1876-'77 as the first legislation in North Carolina for the advancement of her agricultural interest. And I am surprised at the position of the gentleman from Alamance, who has just preceded me, being a professional man, to make the severe attack on the department that he has done, but I am glad to learn, (as he just informs me) that he is also a good farmer, but I think if he would carefully examine the reports of the Commissioner and read the agricultural journals more, he doubtless would be a better farmer and would have less prejudice against the department. I know that he is an honest and high-toned gentleman, and is open to corrections on this subject.

Now, Mr. Speaker, I have the honor to represent, not an extravagant, but a liberal people, and I feel to-night that my feelings are in full accord with theirs. But sir, if it is the policy of this General Assembly, to stop all the great and noble enterprises of our State, and reduce at one fell swoop the appropriations to our charitable and penal institutions so low that they cannot be maintained, if that be the policy, I say discharge the officials. Close the doors of our Asylums and place the inmates upon the charities of the world, but God forbid that such should be the issue. I feel for one, and I believe it is the sense of this House, and I know that it is the wish of our constituents at home, that these poor unfortunate creatures should be provided for, and that our great Rail Road undertakings should be pushed forward, and that our vast mineral and agricultural wealth should be developed, and if we fail to perform these duties, we will prove recreant to the trust imposed in us.

Let me say again that I will not advocate extravagance in the administration of our government, but I cannot and will not endorse the stringent economy that some members on this floor advocate for I think it will tend to retard, instead of advancing our prosperity, and I do believe with wise and judicious legislation, there is in the near future a degree of progress and prosperity for North Carolina that she has never before attained. And now, gentlemen, let us foster and protect her agricultural interest, which is the foundation upon which this great and grand structure must be erected.

What Edison Claims.

New York Sun.

After an elaborate technical specification of his invention and of all its details, Mr. Edison sums up his claims in making application for a French patent to protect his electric light inventions in France, as follows:

I claim as my invention—first, the combination with an electric light of a thermel circuit regulator to lesson the electric action in the light when the maximum intensity has been attained, substantially as set forth; secondly, the combination with the electric light of a circuit-closing lever, operated by heat from the electric current or light, and a shunt or short circuit to divert the current or a portion thereof from the light, substantially as set forth; third, the combination with the electric light and a resistence of a circuit-closer operated by heat, and serving to place more or less resistence in in the circuit light, substantially as set forth, fourth, the combination with an electric light of a diaphragm operated by the expansion of a gas or fluid in proportion to the temperature of the light to regulate the electric current, substantially as set forth; fifth, the combination with a vibrating body similar to a tuning-fork of mechanism for maintaining the vibration, and magnets, cores and helics, whereby a secondary current is set up so as to convert mechanical motion into electric force, or the reverse, substantially set forth; sixth, the combination with lights, substantialy such as described, of means for regulating the electric current to the same in proportion to the heat evolved in the light so as to prevent injury to the apparatus substantially as set forth.

Louis Garibaldi, a seedy looking Italian, who appeared to have lived on hard crusts and stale beer for many a day, was arrested on Tuesday by Officer Rush, in East New York. He was taken before Justice Sherlock, and, a charge of vagrancy being preferred against him, he was sent to the Penitentiary for sixty days.

Donn Piatt, the well known Washington journalist, was knocked down by William McGarrahan, the claimant to the New Inria mining property, in the lobby of the Senate Chamber yesterday and severely beaten. Piatt had published abusive articles of McGarrahan, and the latter, after a few words had passed between them, felled him twice to the ground and struck him severe blows about the face and head.

The trouble at Trinity College, Hartford, Conn., between the Faculty and the students has been settled, the boys asking pardon, the Faculty forgiving, and the suspended students recalled. The Dean of the College, Bishop Williams, several of the trustees and parents of the students met at the college yesterday and a compromise was effected. The students returned to their studies last evening.

Vegetine

FOR

CHILLS, SHAKES,
FEVER AND AGUE.

TARBORO, N. C., 1878.

DR. H. R. STEVENS:—

Der Sir,—I feel very grateful for what your valuable medicine, Vegetine, has done in my family. I wish to express my thanks by informing you of the wonderful cure of my son; also, to let you know that Vegetine is the best medicine I ever saw for Chills, Shakes, Fever and Ague. My son was sick with measles in 1873, which left him with Hip-joint disease. My son suffered a great deal of pain, all of the time; the pain was so great he did nothing but cry. The doctors did not help him a particle, he could not lift his foot from the floor, he could not move without crutches. I read your advertisement in the "Louisville Courier-Journal," that Vegetine was a great Blood Purifier and Blood Food. I tried one bottle, which was a great benefit. He kept on with the medicine, gradually gaining. He has taken eighteen bottles in all, and he is completely restored to health, walks without crutches or cane. He is twenty years of age. I have a younger son, fifteen years of age, who is subject to chills. Whenever he feels one coming on, he comes in, takes a dose of Vegetine and that is the last of the Chill. Vegetine leaves no bad effect upon the system like the most of the medicines recommended for Chills. I cheerfully recommend Vegetine for such complaints I think it is the greatest medicine in the world.

Respectfully, MRS. J. W. LLOYD.

VEGETINE.—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

Vegetine

FOR

DYSPEPSIA, NERVOUSNESS AND
GENERAL DEBILITY.

BERNARDSTON, MASS., 1878.

We, the undersigned, having used Vegetine, take pleasure in recommending it to all those troubled with Humors of any kind, Dyspepsia, Nervousness, or General Debility, it being the Great Blood Purifier sold by R. L. Crowell & Sons, who sell more of it than all other patent medicines put together.

MRS. L. F. PERKINS,
MRS. H. W. SCOTT,
JOSEPHUS SLATE.

Vegetine is the great health restorer—composed exclusively of barks, roots, and herbs. It is very pleasant to take; every child likes it.

VEGETINE

NERVOUS HEADACHE

and Rheumatism.

CINCINNATI, O., April 9, 1877.

H. R. Stevens, Esq.:

Dear Sir,—I have used your Vegetine for Nervous Headache, and also for Rheumatism, and have found entire relief from both and take great pleasure in recommending it to all who may be likewise afflicted.

FRED. A. GOOD,
118 Mill St., Cinn.

Vegetine has restored thousands to health who had been long and painful sufferers.

Druggists' Testimony.

Mr. H. R. Stevens:—

Dear Sir,—We have been selling your remedy; the Vegetine for about three years, and take pleasure in recommending it to our customers and in no instance where a blood purifier would reach the case, has it ever failed to effect a cure, to our knowledge. It certainly is the ne plus ultra of renovators.

Respectfully,
E. M. SHEPHERD & CO., Druggists,
Mt. Vernon Ill.

Is acknowledged by all classes of people to be the best and most reliable blood purifier in the world.

feb 13-tf W. C. McMACKIN,

Dread and despair fall upon the community when a terrible epidemic, like the cholera or yellow fever, suddenly desolates our homes; yet, all the while, a more insidious, but no less fatal foe, enters thousands of households every year and carries off the flower of the family in the early flush of manly youth and budding womanhood. People call it presumption, or "decline." It is not, in most cases, the tubercular phthisis or consumption of the lungs, which is the peculiar malady in climates like those of the British Islands and New England, but a general decay or arrest of the vital processes of nutrition. All the doctors agree that there is no remedy for this but COD LIVER OIL but they are constantly met by the obstacle of inability on the part of the patient to swallow or retain it. This repulsion is entirely overcome by SCOTT'S EMULSION OF THE OIL with the HYPOPHOSPHITES OF LIME AND SODA which is agreeable to the taste and an unequalled nutrient and tonic for the body nerve and brain.

Sanford's Series Analytical Arithmetics

AND

Worcester's Dictio

Sanford's Series comprises four books, and is based upon the analytic system:

Sanford's First Lessons in Analytical Arithmetic, 16 mo., 27 cents.

Sanford's Intermediate Analytical Arithmetic, 16mo., 232 pp. Half bound, 45 cents.

Sanford's Common School Analytical Arithmetic, 355 pp. Half roan, 70 cents.

Sanford's Higher Analytical Arithmetic. 12mo., 418 pp. Half roan. Cloth sides. $1.25.

The definitions are clear, and the analyses exhaustive. The work is practical, and abounds in slate exercises. The experience of a large number of the best teachers in this country, is that, with Sanford in hand, pupils discover an unwonted enthusiasm in studying the science of numbers.

The Complete Series of Worcester's Dictionaries.

Quarto Dictionary. Illustrated and Unabridged. Library sheep. $10.

Octavo (Universal and Critical,) Dictionary. Library sheep, $4 25.

Academic Dictionary. Crown 8vo. Half roan, $1.85.

Comprehensive Dictionary, Illustrated, 12mo Half roan, $1.75.

School (Elementary) Dictionary. 12mo, Half roan, $1.

Primary Dictionary. Illustrated 16mo. Half roan, 60 cents.

Pocket Dictionary. Illustrated 24mo Cloth 63 cents; roan, flexible, 85 cents; roan, tucks, gilt edges, $1.

Many special aids to students, in addition to a full pronouncing and defining vocabulary, make the above-named books, in the opinion of our most distinguished educators, the most complete as well as by far the cheapest Dictionaries of our language.

Worcester's School Dictionaries are based upon the quarto, which is preferred over all others by eminent scholars and men of letters. The series is admirably adapted to use in Schools, Academies, &c.

Liberal terms for introduction. We desire that Sanford and Worcester be examined by County Boards and principals of private schools. Correspondence solicited: We invite attention of Teachers to Chauvenet's Mathematics, Cutter's Physiology; in a word, all our School publications. Circulars and descriptive catalogue furnished on application.

WICKEDEST MAN IN MEMPHIS.

A Reminiscence of the Yellow Fever.

By Phillips Thompson.

"Yes, stranger, you well may say so,
Sech times ez last summer we had,
Is what tries the souls of mortals
An' sorts out the good an' bad.

"Thar was some we had al'us reckoned
Among the whitest of men,
The salt of the earth an' so forth,
Proved mighty mean cattle then.

"An' on the other hand, stranger,
Thar was low down folks not few,
That showed true grit and courage
As ever a man could do.

"Yer didn't know Hank McGuffey?
Well, 'taint much loss, that's clear;
'The wickedest man in Memphis,'
Was the name he went by here.

"Bully an' drunkard an' hoss thief;
Spent most of his time in jail;
He was tarred and feathered in Vicksburg,
An' rode out o' town on a rail.

"Now, you'd have thought sech a fellow
Would have fled from the Yellow Death,
Would have got right up an' dusted
At a whiff of his charnel breath.

"Not caring who might suffer,
Nor thought of the helpless sick,
But leaving all behind him,
Lit out on the double quick.

"Thar was many as shirked thar duty,
To save thar worthless lives,
Thar was some as left thar children,
An' some as shook thar wives.

"But Hank—did he act the coward?
Was he one of them that slid
As quick as thar legs could take 'em?
Yes, stranger—you bet he did!"

—Boston Traveller.

The Japanese government has authorized the issue by a Japanese publisher of an edition of the Book of Genesis in Chinese, prepared for the Japanese by the insertion of the kunten, the work of the America Bible Society.

About 5000 books were published in England during 1878. The number published in Germany during the same year is not yet known, but nearly 14,000 independent works, containing over 20,000 volumes, made their appearance in 1877.

Dean Stanley's friends fear that his American trip has demoralized him. He is heard to mutter in his sleep: "Dry up," "Cheese it," "Hire a hall," "Pull down yur vest," and other eccentricities peculiar to our native American dialect.—New York. Commercial Advertiser.

A woman cured her husband of staying out late at night by going to the door when he came home and whispering through the key-hole, "is that you, Willie?" Her Husband's name is John, and he stays at home every night now, and sleeps with one eye open and a revolver under his pillow.

In the French exposition lottery, a ticket porter won the grand diamond parure: a young man who sells ladies' gloves at the Vieuxtem, the locomotive; a girl employed in polishing pinchbeck rings 25,000 francs' worth of brilliants; an employer in the National the fellow lot. So far, there has not been a sick man or woman favored by fortune with a gros lot.

There are 542 cow stables within the Brookly limits, and there are as many more in the county towns and in Queens county. The average time these cows can be kept in the stable for dairy purposes is one year, when many of them find their way into slaughter houses. This class of beef is sold by cheap butchers. The cattle are inspected before and after killing, and when found diseased are condemned.

Unheard of Bargains!

AT THE INDEFATIGABLE ENDEAVORS TO PLEASE THE PUBLIC. SO HERE GOES.

Ye muses nine, inspire my pen,
To sing of Fayetteville streeet, No 10,
who tries his best to please his friends
And in his labors never ends,
Bargains he'll give you when you call
For No. 10 is all and all.
Of other houses you hear them talk;
InFayetteville street just take a walk
And only ask for No. 10,
Kept by the most ingenious of men,
And when his friends by chance drop in
Then forth he comes, Lord what a grin,
And to their wondering eyes displays
Such heaps of brackets and window shades.
His pictures are exposed to public view
And a variety of cord to suspend them too,
His looking glasses and toilet cases
Will help adorn your forms and faces;
Picture frames and mouldings too
In great variety, black, brown and blue.
His window cornices and lambrequins fine,
will make your rooms and parlor shine.
Perforated mottoes, and white holly baskets.
And every other sort of stuff,
Of which he hopes to have enough.
So now he bids your all adieu
And wishes a happy new year too.

LIVER

HEPATINE.

This important organ weighs but about three pounds, and all the blood in a living person about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MERRELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

BLOOD,

STILLINGIA.

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. DR. PEMBERTON'S STILLINGIA or QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages can be reasonably founded, and that will cure Cancer. $10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.

45 Years Before the Public.

THE GENUINE
DR. C. McLANE'S
CELEBRATED
LIVER PILLS
FOR THE CURE OF
Hepatitis, or Liver Complaint,
DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER

DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. MCLANE'S LIVER PILLS.

The genuine MCLANE'S LIVER PILLS bear the signatures of C. MCLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. MCLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

Rescued, Restored, Revived.

It is marvelous how the rounded outlines of the form are restored, the pale and sallow cheek vivified with the ruddy hue of health; the muscular fibre braced and strengthened, the nervous system and the brain toned and invigorated by the steady use of Scott's Emulsion of Pure Cod Liver Oil and Hypophosphites of Lime and Soda. It is by far the most elegant and effective preparation in the whole catalogue of medicine, and in the disorders indicated by scrofula, consumption, chronic coughs and the various stages of debility, it is a wonderful remedy. It is also deprived of all its disagreeable properties and as sweet and palatable as cream.

Congress.

WASHINGTON, D.C. March 1.-The Senate Committee on appropriations completed the consideration of the legislative, executive and judicial appropriation bill and will report to Senate various amendments so as to make it substantially conform to the bill of last session as finally passed the committee to strike out the House sections, providing for the repeal of the federal election law and test oath requirements of the revised status, and the House provision for changes in the law concerning the method of drawing jurors.

The Senate last night passed a bill for paying arrears of pensions, with an amendment making the law giving the pensions to soldiers and sailors in the war of 1812 applicable to Mexican Veterans. The Sundry Civil bill was considered until three this morning, when a recess was taken until ten. Among the amendments adopted was the continuation of the public building at Nashville the $90,000 instead of $75,000. Completion of public building at Raleigh, $5,000. Increasing from $45,000 to $50,000 appropriation for the military, telegraph lines in Texas and the territories for the condition of the military posts stations, and for the better protection of immigration and frontier settlements from depredations.

The Senate reassembled at 10 a. m. Windom, from the Committee on Appropriations reported with amendments to the legislature, judicial and appropriation bill, placed on calendar. Consideration of the sundry civil bill was resumed. The building question being on Hoar's motion to lay on table the amendment of the Committee on appropriating $300,000 for the payment of arrears of the army transportation due such land grant railroads as compensation was withheld from, under acts of June 16th and 22nd, 74, March 3rd '75, and which has since been found entitled to compensation by judgment of the Supreme Court of the United States. Rejected. Edmunds submitted an amendment so as to pay such roads only as have not received aid in Government bonds. Agreed to. The amendment of the Committee was then agreed to as amended.

The Senate by a vote of 20 to 30 refused to agree to the amendment appropriating $10,000 to purchase Mrs. Fassett's picture of the Electoral Commission.

HOUSE—After an hour's debate upon the Sugar Bill, Robbins, of North Carolina, withdrew the bill stating it would not be brought back this session.

Nominations.

WASHINGTON, March 1—The President has sent the Senate the Senate the following nominations: E. B. Turner, U. S. District Judge; Alex White, U. S. Attorney, A. B. Morton, U. S. Marshal for the Northern District of Texas; Ex Senator Henry R. Pease Post Master at Vicksburg, Miss., Mrs Rosaline S. Flumes at Abingdon, Va'

DEPARTMENT OF AGRICULTULE.

Remarks of W. C. Ethridge, Member from Bertie, in the House, Thursday night Feb. 26th.

MR. SPEAKER, SIR:—Although the House may be tired of the discussion of this question—yet sir, I ask their forbearance for a few moments, for I could not as a representative of a people who are purely agricultural in all their characteristics remain silent when a question of such magnitude in respect to their immediate interest is under debate. I had thought sir when we had repealed and abolished the only office in this State that gave honor to Carolina wherever science found a shrine and claimed a votary. The only office that ever gave fame and renown to the grand old State along the castellated Rhine, and gay, wild, mad, frivolous, wise Paris, and in sturdy old England. I refer sir, to the State Geologist. I had thought, sir, that after we had abolished this office, that the wild spirit of mad iconoclasm had ceased, and for a while slept like the billows of the Southern ocean after being lashed into fury by the storm god of the cyclone, but sir, I am sorry to see that the hydra-head monster has again reared his frowning crest in this House.

Now Mr. Speaker, representing as I do, a county that stands fourth in the State in the production of cotton and where every man gains his livelihood by the sweat of his brow while following the plow handles—although sir, they may be poor, yet they are as noble a people as dwell from where our grand old mountains catch the soft glory of the departing sunset to where old ocean hymns his eternal song, I am proud to say that they are proud of the Agricultural Institution of this State and that they demand its perpetuation. They sir, have listened to the man who is at the head of this Institution and they felt an affection for him, second only to the great man we have lately sent to the Senate. They sir, have a respect an admiration and a devotion for this Institution, because they feel that it is one calculated to raise the farmer, both in the social and moral sphere.

Now, Mr. Speaker, the farmers of this State when looking at its offices, see sir, that the Governor's chair, and I might say, every other, is filled from one of the professions,—this sir, is an office created by the farmers and filled by a farmer and is an honor to the farmers of North Carolina, and I must say Mr. Speaker if there was no other reason why I should oppose this bill I would do it for this—that the gentleman who has offered it has not done it to promote the agricultural interests of North Carolina, but simply to satiate a private spleen and a prejudice unworthy of the people he has the honor to represent.

And now Mr. Speaker, (brandishing the commissioners report) I challenge any member on this floor and I dare him to show where one cent of this money has been spent except in the agricultural interest of North Carolina.

Sir, if we as Democrats, place ourselves upon record as having voted to anihiliate the only office in North Carolina that tends directly to build up our agricultural interests, we can expect nought but defeat in the election two years off.

I can tell the gentlemen that retrenchment and reform are good in their actuation, but must tell them sir, that this word retrenchment trembles with a burden of mystic meaning when it falls upon ears unconscious of its import. They sir, attacked here with the false idea of retrenchment an institution that is dear to the hearts of every farmer of North Carolina, because it is one that lends dignity and bearing and gives prestige and honor to the men who in the heat of the Summer noon-tide and in the cold snows and keen winds of winter follow the primitive avocation of man—the avocation that the great God of Heaven formed him for, to cultivate the soil.

Now sir, I thought and I hope the House will pardon me for having occupied so much of its time. But I was constrained to say this much in behalf of my own county and of the great people of Carolina who dwell beneath the waving pines.

Another Potent Voice for Freedom from Railroad Domination.

Southern Home.

The Senate voted an appropriation of $50 000 in cash and $74 000 to clothe and feed convicts for the benefit of the Cape Fear and Yadkin Valley Railroad, and the Raleigh NEWS figuring up what each county will have to pay annually, as its portion of the tax, places Mecklenburg's portion at $6 000. We trust this measure will be defeated in the House and are glad that Messrs Alexander, Graham, Hoyle, Austin and other Senators from this section worked and voted against it. The road cannot benefit us. Mecklenburg pays tax on the railroads running through her soil and don't appeal to the rest of the State to help her. Let the people along the line pay for their own roads, and if they are not able let them wait till they are, and not be trying to force other counties to pay for them.

The Salary Bill.

North State Press.

The Senate has passed Mr. Graham's bill, cutting down fees and salaries. This is the most direct movement made in the cause of retrenchment, and is decidedly the best step that has been taken during the entire session. Its passage, it is estimated will save to the State about $20,000 annually.

Ex-Senator Ramsey, of Minnesota, is is spoken of as the successor of Bayard Taylor, at Berlin.

The family of the Bayard Taylor are now upon the Atlantic, crossing to this country, and the remains of Mr. Taylor are to follow immediately. It is hoped that Congress will soon take action in regard to the financial embarrassment of this family consequent upon Mr. Taylor's acceptance of the government office. It is understood that they are several thousand dollars poorer than when leaving New York, and the money disbursed was cash earned and banked by Mr. Taylor before leaving this country.

A violation of the United States pension laws may be a more serious matter than some persons are inclined to believe. In Burlington, Vt., yesterday Samuel Morgan was sent to the State prison for one year for this crime, although he had been for many years a prominent town official and a man of influence and reputation.

The Maine Legislature, which has been a tolerably busy body since its first sitting, can not arrive at conclusions regarding the tramp question, and has indefinitely postponed the whole business. A bill was offered similar to that lately passed in New Hampshire.

A hat belonging to this gentleman was recently on exhibition as one of the curiosities of the season at the popular Clothing & Hat Store of R. B. Andrews & Co. The good people of Harnett have done well in their section as it takes a head to legislate wisely these times. Raleigh will always prove equal to the emergency and supply the demands of the largest men as long as A. B. Andrews & Co do business. *

The Death Rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late that a fever or lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boschee's German Syrup been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the throat and lungs, Boschee's German Syrup has proven itself to be the great est discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.

When the Legislature of Louisiana in 1868 pledged the faith of the State to preservation of the franchises of the Louisiana State Lottery, it builded better than it knew, for the supreme law of the land, as decided by the Supreme Court of the United States, has pronounced the dictum that a contract made must be adhered to, and the franchises of the Louisiana State Lottery, with its vast capital of over a million of dollars, must remain for fifteen years yet, until the expiration of the original term. *

To the Readers of this Paper.

Most of you are familiar with our "Bible Propositions" which have been published in this paper for over two months. We are glad to know, that several hundred of you have already availed yourselves of its benefits, and realized, to some extent, the wonderful virtues of the "Seven Springs Mass." Being induced to try it on account of the fairness of the proposition. We fully expected some few would demand the "Prize." Thus far not one has put in a claim. On the contrary, we have been the recipients of "Bibles," and other tokens of appreciation expressive of gratitude and acknowledgments for having called their attention to the remedy.

Our object for making that offer, was not merely to relieve headaches, for that which many regard as a case of headache, is in reality only a symptom of more serious and complicated diseases, it was therefore, more to reach these complaints, (the names of which we dislike to publish in news papers.) Knowing if the Mass was properly used for headache, the patient would discover its great value for other diseases, and we are glad to say, the plan has succeeded well, as evidenced from hundreds of correspondents, and the rapidly increasing demand for the Mass—and is being sold by all Druggists.

COMMERCIAL FERTILIZERS.

What to Buy

That Commercial Fertilizers are essential to the successful production of crops can no longer be questioned, This has been settled by actual experience of the most successful farmer North and South, as well as upon the highest scientific authority.

The question therefore for the consideration of the farmer is, what to buy, in the shape of manure

The answer to this question is: What has stood the test? What guano stands before the farmers of North Carolina as a practical success? We answer, the

Pine Island Ammoniated Phosphate.

That it is a success we have certificates from leading farmers in every section where it has been used—men who have used Commercial Manures for years and make money by it.

We don't dare say it does not pay to make manure at home. It does pay? And no one can be successful in farming unless he makes manure. When he has made all the manure possible the deficiency must be supplied by Commercial Fertilizers, for no one who cultivates cotton for profit (and that is the only profitable crop that can be raised in our section) can make on his farm a sufficiency of manure for his crops.

We offer the Pine Island Guano to supply this deficiency, in the fullest confidence that it is the best and cheapest fertilizer sold in the State.

We have arrangements for supplying it in any quantity, in good strong sacks, so that it can be transported any distance without loss

The season for planting is now nearly at hand and we hope to receive all orders early so that they can be booked for immediate shipment from the Rail Road Warehouse thus saving the expense of drayage and handling.

Most Respectfully,
M. T. LEACH & CO.

We desire to establish agencies at all the principal Rail Road stations in the cotton section.

With good reliable agents satisfactory terms will be made.

Rosadalis

O S A D A L I S

THE GREAT SOUTERN REMEDY for the cure of Scrofulous Taint, Rheumatism, White Swelling, Gout, Goitre, Consumption, Bronchitis, Nervous Debility and all diseases arising from an impure constitution of the Blood.

The merits of this valuable preparation are so well known that a passing notice is but necessary to remind the readers of this journal of the necessity of always having a bottle of this medicine among their stock of family necessities.

Certificates can be presented from many leading Physicians Minister, and heads of families throughout the South, endorsing in the highest terms The Fluid Extract of Rosadalis.

DR. R. WILLON CARR of Baltimore says he has used it in cases of Scrofula and other diseases with much satisfaction.

DR. T. C. PUGH of Baltimore, recommends it to all persons suffering with diseased blood, saying it is superior to any preparation he has ever used.

REV. DABNEY BALL of the Baltimore M. E. Conference South says he has been so much benefitted by its use that he cheerfully recommends it to all his friends and acquaintances.

CRAVEN & CO, Druggists of Gordonsville Va, says it never has failed to give satisfaction.

Sam'l G. McFadden, Murfreesboro, Tennessee, says it cured him of Rheumatism when all else failed.

Rosadalis is not a secret quack preparation, its ingredients are published on every package. Show it to your Physician and he will tell you it is composed of the strongest alternatives that exist, and is an excellent blood purifier. Did our space admit we could give you testimonials from every state in the South and from persons known to every man, woman and child either personally or by reputation.

Rosadalis is sold by all Druggists.
